## **BLUEGRASS JAM NORTH OF ADELAIDE**

## Registration of Interest in a regular Monthly Jam

I am looking for players of musical instruments of the bluegrass family

To attend and play and sing at a monthly bluegrass and old timey session

To be held at a pristine beautiful British style pub

To be advised at a later date

No ukuleles allowed no drums

This is not to be an Open Mike

Not a venue for singers of singers of personal original songs

A traditional spontaneous jam players and singers in a circle seated

Just like the jam at Wirrina B/G festival Nov 24-26, a great bunch of players from all over Australia

## Forward thinking:

Concerts with professional working bands appearing every three months

Working bands must be paid good money set by their individual managers,

Looking for experienced players and welcoming newbie players male and female

Experienced players freely offering tips advice and one on one tuition if required.
